You are in the game, and you are changing!

A new body for your protagonist! A body that will help you win against stronger opponents. However, you must do it in time and without the help of an additional clock.

You will not need to search for the necessary pieces for the new body. The first body you obtain will have a higher value, but after a while, its value will start to fall. If you feel it is not enough to change bodies, continue playing, and you will notice a new screen will pop up. You will receive new cards with different colors and numbers on them. You can choose to exchange them to new colors or numbers. Choose wisely, because you can not exchange more cards than the initial ones you have. If you have more than six cards left, you lose, and the

screen will automatically close! Your body will change from time to time. But, because of your body, you will also receive new skills! Experience your combat journey with this exciting formula

Loreal Paris is back with a new range of limited edition fragrances. The new scent has been inspired by two days of immersing oneself in the world of Haute Couture

of our time: Chanel's spring-summer 2015 haute couture collection and the Louvre. "The story of the perfume starts off with a key that can be imagined in the shape of a heart. This represents femininity, and the mark of the heart sings an epithet in floral mandarin. These two symbols are united into a fragrance unique and timeless in its charm." Here's a video of a behind-the-scenes look at the fragrance creation process. gives an honest look at the lives of small-town girls who migrate to big cities, because they couldn't find a good job and make a living in their small town. About the film: To begin with, the film's budget is almost same as its cost. The key reason for this is the film is getting a wide release at almost all the centres across the country, which is unthinkable for a small film. Also, the film is receiving some decent response from critics, who feel that unlike other films, this film doesn't stray from reality.
